PROFILE

UI/UX Engineer with 1+ year of industry experience designing clean, intuitive interfaces that streamline workflows and improve user satisfaction. Skilled across the full design lifecycle, from research and wireframing to high-fidelity prototyping and developer-ready specifications. Experienced in designing data-driven dashboards and AI-powered applications. Recognized for strong problem-solving, attention to detail, and consistent on-time delivery.

PROFESSIONAL EXPERIENCE

UI/UX Engineer (Full-time) - HashBaze

Sri Lanka • Remote | July 2024 - April 2026

- Leading UI/UX design for AI-driven and enterprise-level platforms
- Designing scalable dashboards, workflows, and data visualization systems
- Collaborating with developers to deliver production-ready design systems
- Improving usability and reducing user friction through research-driven design decisions

UI/UX Engineer (Internship) - HashBaze

Sri Lanka • Remote | Dec 2024 - May 2025

- Conducted UX research and competitor analysis for multiple products
- Designed wireframes, prototypes, and high-fidelity UI screens
- Assisted in building user flows and improving product usability
- Supported cross-functional teams with design validation and testing

PROJECTS

Flowuent – AI No-Code Platform (Web)

- Designed a unified platform combining UI, logic, and database into one visual builder
- Created drag-and-drop UI builder, workflow editor, and data modeler
- Simplified full-stack development for non-technical users

Med App – Healthcare Ecosystem (Mobile/Web)

- Designed tri-panel dashboard for scheduling and real-time communication
- Integrated AI Copilot and structured medical data (SOAP + ICD-10)
- Reduced cognitive load for clinicians through simplified workflows

Gen Me Out – AI Game Assistant (Web)

- Designed AI-powered interface for move suggestions and analysis
- Built responsive UI for mobile and desktop platforms
- Created game history dashboard and explanation system

Carvee – Taxi Sharing Platform (Web/Mobile)

- Designed complete ride-sharing UX including search, listing, and booking
- Developed trust-focused UI with maps and cost breakdowns

TAPHRE – NFC/QR Service Platform

- Designed instant-access web experience (no app install)
- Built merchant dashboards and service tiles

BlueBolt Marketplace (Web/Mobile)

- Designed service discovery and transaction ecosystem
- Built search system with filters, autocomplete, and proximity features
- Created lifecycle dashboards for service tracking

ROP-ANN – ML Analytics Dashboard (Web)

- Designed data-heavy dashboard for oil drilling optimization
- Visualized complex engineering data and ML simulations
- Supported large dataset handling (5000+ records)

Converge – Crisis Simulation & Emergency Coordination Platform (Web)

- Led end-to-end UI/UX design for a real-time disaster response platform integrating Fire, Medical, and Police teams
- Designed a centralized command dashboard to improve coordination and decision-making during critical situations
- Built stress-resilient UI with high-contrast design, large touch targets, and real-time status tracking
- Developed real-time workflows with map overlays, multilingual communication, and accessible voice-based interaction

TECHNICAL SKILLS

- **Design Tools:** Figma, Adobe XD, Adobe Photoshop, Adobe Illustrator, Canva
- **UX Research & Methods:** JUser Interviews, Wireframing, Prototyping, Usability Testing, A/B Testing, Heuristic Evaluation
- **Frontend & Programming:** JavaScript, TypeScript, React, HTML5, CSS, Python, Java, PHP, Kotlin, C, C++
- **Backend & Databases:** Node.js, Express, MongoDB, SQL
- **Tools & Platforms:** VS Code, GitHub, SQL Server, Eclipse, Visual Studio

SOFT SKILLS

- | | | |
|-------------------|---------------------|-----------------------|
| • Problem Solving | • Critical Thinking | • Communication |
| • Teamwork | • Creativity | • Attention to Detail |

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT)

BSc (Hons) In Information Technology

Aquinas College Of Higher Studies

Diploma In English Language and Literature

GCE Advanced Level

R/Gankanda Central College

ADDITIONAL EXPERIENCE

Design & Branding

- Designed brand identities for HashBaze, RestingOWL, MyLawyerLK
- Created UI-focused marketing content and LinkedIn visuals

Leadership

- Organized company events and team activities
